Allowable Subject Matter

Claims 29-30, and 32-50 are allowed over prior art.

The following is an examiner's statement of reasons for allowance:

Regarding claims 32-36 and 47-50, the prior art fails to teach a radiological imaging apparatus having a slit that lets x-ray radiated from an x-ray source pass through toward the inside of a radiation detector ring structure is formed between the radiation detectors of the radiation detector ring structure as claimed in independent claims 32 and 33.

Regarding claims 43-45, the prior art fails to teach a radiological imaging system having an x-ray transfer apparatus that is provided on a radiation detector ring structure

and transfers an x-ray source in an axis direction of the radiation detector ring structure as claimed in independent claim 43.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
